4.2.1: Library is automated using Integrated Library Management System (ILMS)

YES, the library is automated with integrated library management software SOUL 2.0 (Software for University Libraries) of INFLIBNET since 2008. The various housekeeping activities of the library such as data entry, issue and return and renewal of books, member logins etc are done through the software. OPAC (Online public access catalogue) service is also provided where the users can search the collection of books by title, author, publisher etc. The books are being bar coded and the users are given unique barcode ID. Apart from the printed books the library is having access to e resources of n-list which is a part of e shodhsindhu consortium of INFLIBNET, where the users are given awareness and made to access browse and download e books, e journals, databases etc. The Internet Browsing Center has Three Computer for the Teacher and Students, with 50 MBS speed for downloading and uploading. The new books are displayed for two weeks on the display stand. User orientation is provided at the beginning of the year regarding the various facilities services and resources available in the library.
