International e-Conference on "Role of Science and Technology in Sustainable Developments-2020" provides a leading forum for the presentation of new advances and research results in the fields of **Science and Technology**. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. Accordingly, Topics of interest for submission include, but are not limited to:

- **Science and Technology, for Sustainable Development.**
- **Public Health and Pandemic Diseases**
- **Climate Change, Climate Research, and Global warming**
- **Geographic and Earth Observation Systems**
- **Biodiversity and Environmental Sustainability**

- Environmental Science & Geology
- Pollution Control and Management
- Water Resource Management
- Social Safety, Process Safety, and Hazard Management
- Waste Utilization and Treatment
- Sustainable Urban Development
- Structural Sustainability
- Green Chemistry and Sustainable Chemical Processes
- Tools to plan, design and operate, integrated green technology
- Matter, Materials, and Metallurgy
- Smart and Functional Materials
- Green House Gases
- Adsorption and Gas Storage Materials
- Natural and Synthetic Products and Processes
- Plant Sciences and Economic Botany
- Economic Zoology
- Microbiology
- Aquaculture for Human Welfare
- Biomass Conversions
- Renewable Energy and Non-renewable Energy
- Nanotechnology for Sustainability
- Fuel Conservation and Energy Management
- Catalysis
- Sustainable Agriculture and Organic Farming; Green Agricultural Technology
- Food Safety and Organic Food
- Biotech for Sustainability
- Life-Cycle Assessment
- Statistics
- Mathematical Sciences
- Computation, Modelling, and Simulation
- Air, Soil, Water, Food, Health
- Medicine, Biophysics, Bio-Medicines
- Healthy/ Ageing Population
- Healthcare provision, services, and delivery
- Pharmacy
- Ecological Sustainability
- Mechanical, Electrical, Electronics and Information Technology
- Green Manufacturing and Engineering
- Sustainability and Green Information and Communication Technology and Smart Grids
- Big Data Management, Green Economy and Sustainable Economic Development
- Decommissioning – Best Practices
- Industry Best Practices and Innovation
- Sustainability Related Public Policy, Legislation, Laws and Regulations, and Practice
- Public-Private Partnerships
- Innovative Green Technologies and Processes
